JOINT MISSION COVERAGE SUMMARY

Mission B 4110
28 January 1959

Summary of Coverage

Mission B 4110, flown 28 January 1959, covered the coast of Albania and the western portion of the interior, as well as the adjacent Bar-Titograd area of Yugoslavia. The Pasha Liman submarine station was covered, the Vlone, Tirane and Durres areas, and numerous defense installations and airfields.

Quality

Quality of the coverage is generally good. Several areas of interest are on far oblique portions of photography. Cloud cover is confined to far oblique areas.

Map Reference

USAF World Aeronautical Charts, 1:1,000,000
321 Vesuvio
322 Balkan Mountains
343 Peloponnisos Peninsula

AMS Series N506 The Balkans 1:250,000
Sheet G 1 Tirane
Sheet G 4 Kerkira
Sheet Y 35 Dubrovnik
Sheet Y 46 Shkoder
Sheet Y 47 Prizren

Notes

1. Information is listed by categories as shown in the Table of Contents. Within categories the arrangement of Airfields and Urban Areas is alphabetical; the arrangement of other categories is by (1) country, (2) WAC number, and (3) exposure number. An index of geographic names used in the text concludes the report.

2. The abbreviation ASSOTW in the text stands for the "Airfields and Seaplane Stations of the World" series, while ATMP designates mosaics and charts in the "Air Target Materials Program" series.

3. Coordinates: All latitude readings are North; longitude readings East.
